The listings of approved curricular materials (textbooks) by subject area are located on the Internet at <http://www.sde.idaho.gov/AdoptionGuide> . Materials are listed by grade level, then alphabetically by the publishing company name.

At this web page you can also view the state's adoption schedule. Idaho is a multiple adoption state (multiple adoption years for one content area), materials are adopted on a 6-year rotating schedule. *It is recommended that local school districts plan their new curricular materials (textbooks) purchases to coincide with the State Adoption Schedule.*
